Component 1: Portfolio of Work

The portfolio is the core of the course, showcasing a student's development over time. It is typically built around a personal project that demonstrates exploration, experimentation, and refinement. Key features of the portfolio:

- Size and Format: Usually submitted as a collection of works on A3 or A2 sheets, including sketches, studies, experiments, and finished pieces.
- Content: Should cover various themes, techniques, and media, reflecting personal interests and ideas.
- Development Process: Emphasizes the journey from initial ideas to final outcomes, with evidence of planning, reflection, and critique.
- Number of Pieces: While no fixed number, a robust portfolio might contain 10-15 well-developed pieces.

Assessment criteria for the portfolio include:

Component 2: Externally Set Assignment (ESA)

This component involves a preparation period followed by a controlled test:

- Preparation Period: Students select a theme from a set of options provided by the examining board. They then research, develop ideas, and produce preparatory work.
- Examination Period: A 10-hour supervised session where students create a final piece inspired by their preparatory work.

Key points:

- The ESA tests students' ability to work independently and respond creatively under exam conditions.
