Market Trends and Dynamics

High-demand areas like Manhattan's Downtown, Tribeca, and Midtown tend to command premium prices, while outer boroughs such as Brooklyn and Queens often offer more affordable options. - Supply and Demand: The market has experienced cyclical trends, with periods of rapid appreciation followed by stabilization or correction. New developments can temporarily increase supply, affecting prices. - Investment Opportunities: Condos are popular among both owner-occupants and investors, especially given NYC's status as a global hub. Final Tips and Recommendations
