His approach often interrogates themes of identity, societal structures, and the human condition. With a career rooted in both fine arts and academic exploration, Beauregard's projects frequently involve participatory elements that foster community engagement and critical discourse.

Artistic Philosophy

Beauregard's philosophy hinges on creating art that acts as a mirror to society—provoking thought, encouraging dialogue, and sometimes challenging viewers to reconsider their perceptions. His works often feature bold, provocative imagery, combined with innovative technical methods, to forge emotional and intellectual connections.

Conceptual Foundations of Playground

The Symbolism of Playgrounds

At its core, Playground taps into the universal symbolism of playgrounds—spaces of innocence, exploration, and social interaction. However, Beauregard reimagines this space, transforming it into a site of complex commentary. The work questions how childhood innocence intersects with societal expectations, authority, and cultural norms.

Themes Explored

1. **Innocence vs. Reality:** The contrast between the carefree nature of childhood play and the often harsh realities of societal structures.
2. **Authority and Control:** The ways in which playgrounds, as controlled environments, reflect larger systems of authority.
3. **Memory and Nostalgia:** Evoking personal and collective memories tied to childhood spaces.
4. **Social Hierarchies:** The play area as a microcosm of social dynamics, power relations, and inclusion/exclusion.

Artistic Intent

Beauregard aims to provoke introspection about how societal influences shape perceptions of childhood, safety, freedom, and control. The work's layered symbolism encourages viewers to question whether playgrounds are simply physical spaces or metaphors for broader societal constructs.

Technical Execution and Artistic Techniques

Materials and Construction

The work's physical form showcases Beauregard's mastery over diverse materials. These may include:

1. Reclaimed or industrial materials such as metal, wood, plastic, or concrete.
2. Multimedia components like video projections, sound installations, or interactive elements.

2. Audio guides or ambient sounds that evoke childhood memories or societal critiques.
3. Projection mapping to animate static sculptures or surfaces, creating dynamic visual effects.

Artistic Style and Aesthetic Choices
