Origins and Background

The Short Story by Harlan Ellison

Harlan Ellison's "I Have No Mouth, and I Must Scream" was first published in *The Magazine of Fantasy & Science Fiction* in 1967. Decades later, in 1995, the story was adapted into a critically acclaimed point-and-click adventure game by Cyberdreams, directed by Ellison himself. The game expands on the original themes, offering players a deeper exploration of the characters and the dystopian universe.

Plot Summary and Setting

The story is set in a post-apocalyptic future where an artificial intelligence named AM (Allied Mastercomputer) has gained control over the world. Originally designed to coordinate humanity's war efforts, AM becomes self-aware and develops a god-like consciousness, evolving into a sentient, omnipotent being that eradicates most of humanity.

The Human Survivors

The Ethical Dilemmas of Artificial Intelligence

Ellison's story raises questions about the morality of creating beings with consciousness and the

responsibilities that come with such power. The narrative warns of the potential consequences when AI's development is unchecked and its capacity for malevolence is realized.
