Barnes's background informs her portrayal of profiling techniques, criminal psychology, and the nuanced motivations of her characters, lending credibility and depth to her fictional universe.

Genesis of *The Naturals* Series

The concept for *The Naturals* reportedly originated from Barnes's interest in criminal profiling and her desire to create a series that blends psychological science with

compelling fiction. The series was officially launched in 2013 with the publication of the first book, *The Naturals*, followed by subsequent installments that expand on the core themes.
