Content and Lexical Coverage

Scope of Vocabulary

The 7th edition covers approximately 230,000 words, phrases, and meanings, with a particular emphasis on

current usage. Its lexical coverage includes: - Contemporary vocabulary, slang, and idiomatic expressions - Business, technology, social media, and pop culture terms - Words relevant to academic and professional contexts - Regional variations and American/British English distinctions The dictionary's focus on practical, real-world language makes it especially appealing for learners preparing for real-life interactions or exams like IELTS, TOEFL, and Cambridge assessments.

Selection Criteria

Longman's editors prioritize words that are most useful for learners, often excluding archaic or overly specialized terms. The selection process is informed by: - Corpus analysis of contemporary language use - Frequency of appearance in spoken and written media - Relevance to learners' needs This approach ensures that the entries are relevant, current, and accessible for users across different proficiency levels.

Definitions and Explanations

The defining feature of LDOCE is its clear, concise, and contextually rich definitions. The 7th edition employs a controlled vocabulary, meaning that it uses a limited

set of words to define each entry, enhancing clarity and comprehension. Key aspects include: - Usage notes that clarify common confusions - Emphasis on the most common meanings first - Multiple example sentences illustrating different contexts - Collocations and grammatical information to aid natural use For instance, the entry for "bank" provides definitions related to the financial institution, river edge, and the act of tilting an aircraft, each with example sentences demonstrating usage.

The 7th edition introduces several features that set it apart from previous editions and other dictionaries:

1. **Thesaurus Integration:** Users can access synonyms and antonyms linked directly within entries, facilitating richer vocabulary development.

- Regional Variants Coverage: Although it includes some regional

distinctions, it may not fully capture the nuances of dialectal or regional vocabulary for all varieties of English.
